## Welcome from the Principal

The Single Equality Scheme is about our commitment to all our stakeholders to promoting equalities, eliminating discrimination and bullying and closing achievement gaps between students. It supports our key strategic aims and will ensure that we develop strategies, policies and practices across the college that recognise and respond to the needs of our students, employers, our communities and our staff.

We have already implemented a number of diversity initiatives.

- We are signed up to the Mindful Employer standard
- We are committed to the Disability ✓✓ standard which is annually monitored by the Department for Work and Pensions
- We involve staff and students throughout the College in a range of activities for them to discuss and develop Equality, Diversity and Inclusivity policies (EDI) and activities
- We monitor equality data relating to staff recruitment and progression, student achievements and success, staff and student complaints and disciplinary processes and report this to Corporation
- We continue to improve differentiation in our teaching and learning practices
- We monitor and regularly improve the services our students receive to ensure each student has fair and equal access to services and resources.
- We continue to widen our communities' participation and access to learning. We are developing the curriculum and work experience opportunities to enhance employability chances for our disadvantaged students
- We have signed up to Cylix, online training for Equality for staff and students.

Through the scheme we will continue to build on our successes, develop strategy, policies and practices, and access to services and resources to make a positive difference to our students, to employers we work with, to our communities and to our staff.

## Single Equality Scheme

### Introduction

The Single Equality Scheme (SES) is a public commitment of how Easton and Otley College plans to meet the duties placed upon it by equality legislation and through good practice.

The college recognises that in accordance with Equality Legislation (Equality Act 2010) there are general and specific duties which must be met within the time scale of this scheme.

This equality scheme will identify our priorities and areas for improvement in the wider context of equality and cover all nine protected characteristics (Race, Disability, Gender, Sexual Orientation, Age, Gender Reassignment, Marriage or Civil Partnership, Pregnancy and Maternity/Paternity, Religion or Belief).

Our equality scheme will ensure compliance with the Public Sector Equality Duty:

The College will, in the exercise of its functions, have due regard to the need to—

- (a) **Eliminate** discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act;
- (b) **Advance** equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- (c) **Foster** good relations between persons who share a relevant protected characteristic and persons who do not share it.

Within the scheme, having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it will involve having due regard, in particular, to the need to:

- (a) Remove or minimise disadvantages suffered by persons who share a relevant protected characteristic or that are connected to that characteristic;
- (b) Take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
- (c) Encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

This scheme will ensure we take into account the needs of persons with a disability wherever these are different to those of persons who do not have a disability.

This scheme will ensure that in regards to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it we will have due regard to the need to:

- (a) Tackle prejudice, and
- (b) Promote understanding.

This scheme will monitor the Public Sector Equality Duties to ensure compliance is achieved. Currently this SES will ensure the following specific duties are met:

- (a) publish equality objectives every four years;
- (b) publish information annually to demonstrate our compliance with the general Equality Duty;
- (c) publish information relating to our employees and others affected by their policies and practices (such as service users).

All information will be published in a way that is accessible to the public.

## **Purpose**

We will focus on our monitoring processes to identify issues impacting on all aspects of equality with the aim of:

- promoting equality of opportunity
- promoting equalities issues
- promoting good relations
- eliminating unlawful discrimination
- eliminating harassment and bullying

The aim of our equality scheme is to enable us to achieve:

- the continuing positive development of policies and practices
- an accessible inclusive learning environment
- satisfaction among our service users
- a representative workforce at all levels
- better partnership working and delivery with employers

## **Equality Analysis**

### **Why?**

#### **Easton and Otley College must comply with the requirement to conduct an equality analysis of policies and procedures**

The Equality Act extended previous duties (relating to race, disability and gender) to all protected characteristics, i.e. age, disability, gender, gender reassignment, maternity & pregnancy, marriage & civil partnership, race, religion & belief, and sexual orientation.

### **What?**

To introduce an updated simple system of carrying out Equality Analysis, ensuring that our policies, processes, practices and procedures stand up to rigorous scrutiny and that anything new is properly screened in advance of introduction.

Impact Screening and Assessment are an essential part of effective strategic and operational planning.

## **Equality Objectives**

The College has the following Equality Objectives:

1. Advance the Equality and Diversity agenda through online training; regular staff updates including staff development sessions and induction; Equality and Diversity events across the academic year.
2. Identify any student achievement gaps associated with a specific protected characteristic and reduce the gap by 5% year on year.
